## Club 3D announces new Radeon HD 5500 graphics cards

### Graphics for Virtually Everything with Club 3D Radeon HD 5570 and Radeon HD 5550

AMSTERDAM, The Netherlands – February 9, 2010 – Club 3D B.V. today announced the Radeon HD 5570 and Radeon HD 5550 graphics cards. Club 3D's newest offer out of the Radeon HD 5000 graphics card series delivers big performance into the mainstream market.

Watch HD video content, play games, and accelerate demanding applications with Club 3D Radeon HD 5500 graphics card series. Get a multi-purpose graphics solution for maximum versatility with the most features and functionality in its class. The Club 3D Radeon HD 5500 graphics cards series consumes less power than previous generations graphics cards, eliminates the need for an external power connection and makes installation a snap.

Club 3D Radeon HD 5570 is available first in two different versions, 512MB and 1024MB model offering DDR3 memory technology. While the Radeon HD 5550 model will be available as 512MB and 1024MB model with DDR2 memory technology.

#### HD 5570 / HD 5550 Key Features:

- Compliant with DirectX® 11 and earlier revisions
- ATI Stream technology
- Supports OpenGL
- ATI Avivo™ HD video and display technology
- Advanced dynamic power management with ATI PowerPlay™ technology
- HDCP-Capable

#### Price and availability

HD 5570 has a manufacturer's suggested retail price of USD 110 / 80 Euro and is available as off today.
